Profile

Motivated and detail-oriented Computer Science undergraduate specializing in Software Engineering at SRM Institute of Science and Technology. Skilled in full-stack web development with hands-on experience in HTML, CSS, JavaScript, React, Node.js, PHP, Python, C, C++, Java and MySQL. Actively involved in academic projects and hackathons, demonstrating a strong passion for learning, problem-solving, and building real-world tech solutions. Eager to apply my skills and grow through impactful internship opportunities.
